International Journal of UbiComp

AIRCC Publishing Corporation

SCOPE OF THE JOURNAL

International Journal of Ubiquitous Computing (IJU) is a quarterly open access peer-reviewed journal provides excellent international forum for sharing knowledge and results in theory, methodology and applications of ubiquitous computing. Current information age is witnessing a dramatic use of digital and electronic devices in the workplace and beyond. Ubiquitous Computing presents a rather arduous requirement of robustness, reliability and availability to the end user. Ubiquitous computing has received a significant and sustained research interest in terms of designing and deploying large scale and high performance computational applications in real life. The aim of the journal is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Topics of interest

Authors are solicited to contribute to this journal by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to

- Architectural structure, design decisions and philosophies
- Autonomic management of ubiquitous systems
- Context and location awareness, context based and implicit computing
- Distributed Computing
- Ubicomp Human-computer Interaction for devices
- Intelligent devices and environments
- Internet Computing and Applications
- Interoperability and large scale deployment
- Middleware services and agent technologies
- Personalized & special field applications
- Security Issues and Applications
- Service discovery mechanisms and protocols
- Software infrastructures
- System support infrastructures and services
- Ubiquitous systems and trust
- User interfaces and interaction models
- Virtualization over networks of devices
- Wearable Computers and Technologies
- Wireless Networking and Mobile, Pervasive and Ubiquitous Computing
- Wireless/Mobile Service Management and Delivery
- Mobile Computing
- Network Protocols & Wireless Communication
- Internet of Things
- IoT-Big Data

Members of the Editorial Board

Editor In Chief:

Ioannis Karamitsos, Itokk Communications, Canada Editorial Board

Abdolrsol Mirghdri, Imam Hosein University, Iran Ahmad Faraah, Payam Noor University, Tehran, Iran Ali Naseri, ImamHossein University, Iran Arunkumar Thangavelu, Vellore Institute of Technology, India Atif Farid Mohammad, Uniersity of North Dakota, USA B.B.Meshram, Veermata Jijabai Technological Institute, India Bharat Bhushan Agarwal, Institute of Foreign Trade and Management, India Carlos O. Rolim, Federal University of Rio Grande doSul, Brazil Dac-Nhuong Le, Haiphong University, Vietnam Eric Renault, Institut Telecom - Telecom SudParis, France He Xu, Nanjing University of Post and Telecommunications, China Hoda Jannati, Iran University of Science and Technology, Iran Hui Song, Frostburg State University, USA Kai-Long Hsiao, Taiwan Shoufu University, Taiwan K Ramesh Babu, IT University, India Mahdi Azizi, ShahidRajaee Teacher Training University, Iran Mahdi Niamanesh, Imam Reza University, Iran Mario Ciampi, Istituto di Calcolo e RetiadAltePrestazioni, Italy Marzieh Ilka, Payam Noor University, Tehran, Iran Mehrdad Kianersi, Imam Hossein University, Iran Omid Azmoon, ImamHosein University, Iran Perumal Dananjayan, Pondicherry Engineering College, India S.K. Ghosh, Indian Institute of Technology, Kharagpur, India Sarmistha Neogy, Jadavpur University, India Sherif S. Rashad, Morehead State University, USA Shet Shekar, National Institute of Technology Karnataka, India Shrijit Joshi, Independent Scholar, USA Valderi R. Q. Leithardt, Faculty of Technology Senai Porto Alegre, Brazil V. Karthikeyan, SVS College of Engineering, India Xinliang Zheng, Frostburg State University, USA

Paper Submission & Manuscript preparation Guide

Authors are invited to submit papers for this journal through Email <u>iju@aircconline.com</u> or through <u>Submission System</u> Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal. For paper format download the template in this page

Manuscript Template

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

- 1. Accept
- 2. Accept with minor changes
- 3. Weak Accept with major changes
- 4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.

Special Issue Proposal

IJU invite proposals for special issues on topics that fall within the scope of this journal. Please email your proposal <u>iju@aircconline.com</u>

Copy Right from

After submitting final manuscript, you can get copy right form from AIRCC secretary
